Marley New Zealand Ltd, Rx Plastics Ltd & Dynex Extrusions Ltd are part of the Aliaxis group, a privately owned business based in Belgium and active around the world. The NZ organization is committed to conducting its business in a manner that is compatible with the environment with regards to where our products are sourced, manufactured, used, and disposed.

We recognise that the community, employees, and customers all have a stake in the Company’s environmental performance. We have achieved and will maintain our ISO 14001 Environmental Management System certification by committing to:

- Setting objectives to improve our environmental performance, monitor and report our performance against those objectives on an annual basis.
- Actively targeting a gradual increase in recycled materials reducing the consumption of virgin raw materials year on year and reduce our waste to landfill.
- Investing in Plastic Recycling capabilities, allowing us to facilitate the removal and recycling of plastic construction/demolition waste across the Aliaxis NZ client base.
- Maintain 100% renewable electricity through the purchase of renewal energy certificates.
- Work with Plastics NZ (Operation Clean Sweep Programme) in monitoring and managing the targeted elimination of plastic pellets, flakes and powder going into natural water courses.
- Maintain our Environmental Product Declaration (EPD) for all products manufactured on our site and our BEP certification for relevant uPVC products.
- Fostering a culture of continual Improvement of the Environmental Management System using LAWWNE audits, EMS internal audits and tracking all improvements through Mango.
- Running staff training and induction programmes on their environmental responsibilities.
- Budget for annual environmental objectives including personnel supporting our outcomes.
- Having an emergency management system in place to reduce harm to the environment.
- Benchmark our performance against similar companies externally (PNZ) and within the Aliaxis Group.
- Meet NZ legal responsibilities within the RMA and associated legislation.
- Complying with the obligations of Customers & Interested Parties and appropriate regulations and standards.
