CABLE MANAGEMENT TRADE PRICE BOOK

we make life flow

Aliaxis are passionate about creating sustainable innovative solutions for water and energy. We provide people around the world with advanced plastic piping systems, leading the industry in a way that anticipates the rapidly evolving needs of our times.

Marley has been part of the Aliaxis group since 2003 and providing spouting, downpipes, building, plumbing and electrical solutions for New Zealand since 1959.

With local manufacturing sites employing local people, the vast majority of the products we sell are proudly New Zealand made.

We are committed to keeping New Zealand green. Marley operates a uPVC recycling program as part of our ISO 14001 environmental management system and is Best Environmental Practice certified for its entire manufactured range of uPVC systems.

This allows designers to achieve GreenStar credits when specifying Marley uPVC systems in commercial buildings, and installers / end users to recycle their uPVC products.*

MARLEY ARMA® RIGID CONDUIT FITTINGS

EXTENSIVE FITTINGS RANGE

All Marley fittings are rated for Heavy Duty mechanical & UV protection - designed to withstand outdoor weathering & achieve long term durability

- › Couplers & nipples
- › Adapters & reducers
- › Lock nut & lock rings
- › Saddles (spacers) & clips
- › Elbows & bends
- › Inspections (elbows, tees & bends)
- › Bushes
- › Junction boxes, enclosures

INSIST ON BEP CERTIFIED PRODUCTS

Commercial 'Green Star' building customers demand products that meet the Green Building Council's Best Environmental Practice guidelines.

Marley uPVC conduit pipe and fittings are BEP certified.

Marley is New Zealand's only manufacturer that offers a complete uPVC electrical pipe and fittings system that has been independently certified to meet the Green Building Council's Best Practice Guidelines for PVC in the built environment.

BEP criteria:

- ✓ Audited supply chain
- ✓ Manufacture of PVC Resin
- ✓ Manufacture of PVC Product
- ✓ PVC Product end of life management
- ✓ Use of PVC recyclate in PVC products

Insist on genuine Marley BEP products, proud New Zealand manufacturer.

50 x 50	18m (6 x 3m)	\$161.67	R5050.GP	Grey
75 x 50	18m (6 x 3m)	\$195.97	R7550.GP	Grey

Note: EGA Tube Trunking is a rounded edge profile compared to Maxi-Trunking.

Maxi trunking end pieces (R5050.EP.G & R7550.EP.G) can be retro fitted to be used on EGA tube. This requires mitre-cutting (2 x internal pieces) and rounding off edges to produce an adequate fit.

AIR-CON DUCT SYSTEMS

PAGE

19 AIR-CON DUCT SYSTEM

20 AIR CONDITIONING DUCT AND FITTINGS

INDEPENDENT WEATHERING TEST RESULTS

In an independent weathering test, various brands of Air-Con duct were exposed to 1,000 hours of UV light and condensation testing.

Marley Air-Con duct had the least amount of colour change; indicating the **highest resistance to weathering in our conditions.**

CABLE DUCT SYSTEMS

PERFORMANCE
REDEFINED

FEATURES & BENEFITS

The new CALIBRE® product range by Marley delivers a unified approach to cable ducting design, manufacture, and installation.

As a **fully featured PE and PVC cable duct range**, **CALIBRE® CABLE DUCT Systems** is manufactured to the electrical purposed AS/NZS 61386 standard with product classification according to a performance-based mechanical duty rating.

FULLY FEATURED

- › **Durability** range: Performance-based Mechanical Protection rating
- › **Productivity** features: Saves time and money for improved trenching
- › **Assurance** credential: Product based sustainability practices, supporting certifications (BEP), declarations (EPD) and licences for compliance

NOTES:

1. Product Code Suffix

- a. OR = orange for Power application & comply with AS/NZS 61386
- b. O = non duty rated Power application. Use Marley ARMA rigid conduit for AS/NZS 61386 HD duty rated requirements
- c. GRDUCT = green for Communication application & comply to equivalent Chorus specification (also WHDUCT = white, RD = red)
- d. Suffix designated with notation "1" comply with A/NZS 61386

2. In accordance to AS/NZS 61386.21, cable duct designation is typically defined as follows:

- a. Cable Duct Size ≥ DN100 mm:** Duty Classification is based on Ring Stiffness (SN number) & Impact testing
 - › Medium Duty ≥ SN4
 - › Heavy Duty ≥ SN10
 - › Very Heavy Duty ≥ SN25
- b. Cable Duct Size < DN100 mm:** Duty Classification is based on resistance to Compression & Impact testing

3. All PVC cable duct lengths are inclusive of socket length

4. All PVC joins are solvent type joints, unless stated otherwise as rubber ring joints ("RRJ" or designated with a notation "2")

5. All PE joins are electrofusion type joints

For further details contact 0800MARLEY (0800 627 539) for POA & availability.

MOQ & lead times may apply to customer specific requests or non stocked items (e.g. Size, Duty, Length, Colour)

NOTES:

- Product Code Suffix
 - OR = orange for Power application
 - GN = green for Communication applications (also RD=red and SM=salmon)
- Comply to AS/NZS 61386 unless otherwise stated.
- In accordance to AS/NZS 61386.21, cable duct designation is typically defined as follows:
 - Cable Duct Size ≥ DN100 mm:** Duty Classification is based on Ring Stiffness (SN number) & Impact testing
 - Medium Duty ≥ SN4
 - Heavy Duty ≥ SN10
 - Very Heavy Duty ≥ SN25
 - Cable Duct Size < DN100 mm:** Duty Classification is based on resistance to Compression & Impact testing
- Dimensional parameters satisfy AS/NZS 4130 Table 2 (mean OD, mean ID and wall thickness) and achieve an equivalent SDR 17 or smaller.
- For communication related installations (non Chorus)
 - CALIBRE® product (with product suffix code GN) is equivalent to Chorus specification
 - Must not be used for Chorus work (refer Chorus Approved product listing)

For further details contact 0800MARLEY (0800 627 539) for POA & availability.

MOQ & lead times may apply to customer specific requests or non stocked items (e.g. Size, Duty, Length, Colour)

CALIBRE® TRENCH & TRENCHLESS JOINTING

FOR SMALLER PVC CONDUIT & PE CABLE DUCT SIZES

ACCESS PITS

SIZE (mm) (W x D x H)	PACK	REC. TRADE PRICE (\$/unit)	CODE
250 x 250 x 240	1	\$259.60	1SD4469

Versatile design for a wide range of applications

- › Suitable for uPVC conduit & PE cable ducting
- › Made from non conductive, chemical resistant polypropylene
- › Load rating 15KN (Load class A15 / EN124)
- › Highly rated IP67 water and dust classification (CEI EN60529)
- › Modular / stackable capability
- › Adaptability to various outlet sizes
 - uPVC conduit = DN40/50mm;
 - PE cable ducting = DN40/50/63/75mm

1. ANTI-SLIP TRAFFICABLE LID

Lid comes with watertight rubber gasket & screws

4. VARIOUS SIZED KNOCK-OUT OUTLETS

(sides and bottom)

2. ELECTRICAL IDENTIFICATION

Signifies that live cables are enclosed

5. OUTLET

For condensation gathering and discharge

3. WATERTIGHT HERMETIC SCREWING SYSTEM

For water & dust protection (IP67) when installed to manufacturer's specification

6. PITS HAVE PRE-CUT BASES AND CAN BE STACKED AS RISERS

(hermetic screwing system applies to pit connection)

Notes:

1. Bonding adhesive - use adhesives suitable for joining dissimilar materials (PE, uPVC & PP). Refer TAM TECH ADHESIVE.
2. Visit www.marley.co.nz to view the Marley range of stormwater access pits and lids.

CHORUS NZ APPROVED CABLE DUCT PRODUCTS

“Chorus” branded products are designed to specifically meet Chorus NZ’s product specification. The following product range may only be sold to Chorus approved installers or their approved subcontractors. For non-Chorus related installation work, refer CALIBRE® Cable Duct Systems (trench & trenchless).

TRENCH CABLE DUCT

2. MOQ & lead times may apply to customer specific requests or non stocked items e.g. coil length

PRICES:

All prices are recommended trade pricing and subject to alteration without notice. Possession of this price list, a company catalogue or other leaflet is not to be considered as an offer to sell any product to the holder or at the prices stated. Prices quoted within this price list are subject to the addition of goods and services tax (GST).

AVAILABILITY:

All orders and promises of delivery are given in good faith and on the condition of labour, material, and transport being available and without responsibility for delays arising through risks and uncertainties of manufacture, strikes, accidents or other causes beyond our control.

Terms of Sale

Payment terms:

In the event of the Supplier granting credit facilities to the Customer then the following terms shall apply:

- All accounts are to be settled in full no later than the 20th day of the month following invoice.
- That should the Customer default in payment of any monies due under this agreement then all monies due to the Supplier shall immediately become due and payable and shall be paid by the Customer within SEVEN (7) days of the date of demand and the Supplier shall be entitled to charge interest at the rate then applicable to bank overdraft on businesses of the same kind as the Customer's plus 2% on all overdue accounts from the date of due payment until the date of actual payment.
- Any expenses costs or disbursements incurred by the Supplier in recovering any outstanding monies including debt collection agency fees or legal fees, shall be recoverable from the Customer.
- The Supplier shall be entitled without notice to terminate any credit arrangement with the Customer in the event of the Customer defaulting in any of the terms and conditions herein contained.
- The Supplier shall be entitled at any stage during the continuancy of this Agreement to request such security or additional security as the Supplier shall in its discretion think fit and shall be entitled to withhold supply of goods or credit arrangements until such security or additional security shall be obtained.

Retention of title:

- Property (both legal and equitable) in all goods delivered by the Supplier to the Customer does not pass (and the Customer is a bailee only in respect of those goods) until payment in full is made for all the goods supplied by the Supplier to the Customer. As from delivery the goods shall be at the Customer's risk AND the Customer shall retain and preserve such goods in new condition and shall ensure that all serial numbers, identification marks, stickers and packaging shall be kept intact with such goods until they have been sold in the normal course of business.

- If the goods are sold prior property passing to the Customer, the proceeds of the sale must be held by the Customer on trust for, and on behalf of the Supplier in a separate account, and the Customer must account to the Supplier for all proceeds of sale of each item of goods irrespective of any terms of credit between the Customer and the Supplier.
- Prior to the Customer acquiring full property in the goods the Supplier or the Supplier's agents may at any time enter upon any land, premises or property where it believes such goods may be to view and inspect them, and if the Customer has not paid for them in full retake possession of the goods. The Customer will indemnify the Supplier on demand in respect of any costs or liabilities incurred by the Supplier in exercising its rights under this clause.

Claims:

All claims for product damaged at the point of delivery should be noted on freight docket and advised to Marley within 7 days.

Returns:

All returns are in first instance to be referred to the Area Sales Representative or the Area Sales Office with the relevant information.

Product will not be accepted back into our warehouse without prior arrangement. Product that is returned excess to Merchants requirements will incur a 15% charge to cover freight, re-warehousing and credit issue.

Product will only be accepted in pack or carton lots. Any damaged or marked product will not be credited.

Change of Ownership – Registered Particulars – the Customer shall no later than 14 days prior to any proposed changes of ownership, change in registered particulars, alteration, addition to the shareholding or directorship, notify the Supplier of the proposed change and the Customer shall notify the Supplier of any change, alteration or addition to the Customers internal structure and shall provide full details of the proposed changes, alteration or additions, to the Supplier and the Customer shall be liable for any goods supplied by the Supplier after such change, alteration or addition unless the Supplier shall have acknowledged by written acceptance of the intending change, alteration or addition.

Sustainable Manufacturing

Marley is committed to creating environmentally sustainable processes and products and was the first plastics manufacturer in New Zealand to achieve ISO14001 registration. We are also Best Environmental Practice certified for our entire range of manufactured uPVC systems. This means we get our raw materials from sustainable and responsible sources, continuously work on our manufacturing processes to reduce our environmental footprint and accept our products back at the end of their useful life for recycling.
