

Health, Safety & Environmental Policy

Our Commitment to We Care

Doc #	POL - 003
Issue #	01
Issue Date:	09.08.2025
Review Date:	09.08.2027
Owner:	Elliott Burke

We are:

- At Aliaxis NZ (comprising RX Plastics Limited, Dynex Extrusions Limited, and Marley NZ Limited) we share the values of 'We Care' which encompass our employees, contractors, visitors, and other stakeholders for all workplaces under our control or influence.

We will:

- Comply with relevant legal requirements, standards, and Codes of Practice.
- Manage health, safety, and environmental risks by applying reasonably practicable risk controls.
- Involve and engage workers (and their representatives) to participate and positively influence the workplace our health, safety, and environmental culture.
- We will continually enhance our recycling, reusing, and repurposing efforts to eliminate landfill waste
- Maintain 100% renewable electricity through the purchase of renewal energy certificates.

We will achieve this by:

- Prioritising our efforts based on Health, Safety and Environmental risks assessments of our entire range of business activities.
- Integrating health, safety and environmental consideration into daily decision making and business planning (including workplace design).
- Driving initiatives to foster a culture of continuous improvement.
- Investigating health, safety, and environmental incidents to identify causes, prevent recurrence, manage injuries, and support staff in their gradual return to work
- Monitoring and managing work-related illnesses through annual health assessments and 5-year exposure monitoring.

To enable these efforts, we will:

- Put in place – and continually improve – a management system, aligned to New Zealand legislation, ISO 45001 and incorporating Aliaxis Global HSE Standards.
- Develop the capabilities of our employees and leaders to foster greater ownership and accountability for at-risk behaviors, unsafe conditions, and the reinforcement of positive behaviors.
- Provide health, safety, and environmental training to all employees, ensuring they are equipped with the knowledge and skills necessary to maintain a safe workplace.
